MetaFarms Releases Sow Manager 2.0

MINNEAPOLIS, MN, June 1, 2006 — MetaFarms Inc., a leading provider of software-as-a-service to livestock producers, will hold a press conference to announce the release of Sow Manager 2.0. The press conference will be at 11:30 a.m. June 9, 2006, in the Tourism Building on the Iowa State Fair Grounds, during World Pork Expo.

Sow Manager 2.0 is part of MetaFarms' i-Production application suite. Through its award-winning family of products, MetaFarms provides a comprehensive suite of animal enterprise management applications to help businesses of all sizes and animal species meet the complex challenge of sharing and managing information on demand.

"I believe we've created the next industry standard with the release of Sow Manager 2.0," said Tom Stein, MetaFarms CEO. "It will be a complete replacement for all sow management software used today."

MetaFarms' key partner in developing and implementing Sow Manager 2.0 is Vita Plus Corporation, headquartered in Madison, WI.

MetaFarms is a leading agricultural application service provider delivering technology services to the livestock industry, including IT consulting, enterprise applications and technical content. MetaFarms' solutions enable producers to more effectively manage their businesses by reducing costs, enhancing yields, improving margins and monitoring animal health more efficiently.

Vita Plus Corporation has been serving Midwestern livestock producers for more than 50 years. More than just a feed supplier, Vita Plus consultants bring the latest in cutting-edge technology, nutrition, and management information to farmers, dealers and on farm feed manufacturers.

For further information on MetaFarms, visit www.metafarms.com or to arrange for a private demonstration to see how Sow Manager 2.0 can benefit your operation call Vita Plus at 1.800.362.8334.
