

The Information Platform for Agriculture

## Job Description

Job Title: Mobile Developer	Date: August 12, 2022
Reports To: VP of Technology	FSLA Status: Exempt - Base Salary

### **Summary/Purpose:**

MetaFarms is a fast growing, progressive software development company focused on animal agriculture. MetaFarms has been in this business for over 20+ years and has significant market share in the North American pork industry. We are well positioned to continue gaining market share with opportunities to expand globally and to enter additional livestock markets. This individual will work with team members to implement and support our customers business and strategic needs.

### **Essential Job Functions:**

- Development of IOS and Android mobile-based applications in all stages of project lifecycle
- Collaborate with multiple Agile teams to design and deliver solutions
- Analyze technical requirements involved in the implementation of new features or modification of existing features and recommend implementation approaches
- Continually influence and improve our processes and technology stack as the organization continues to grow
- Investigate and resolve issues in development, test, and production environments
- Other developmental duties as assigned

### **Required Skills and Experience:**

- 4+ years' experience in Xamarin mobile application development
- 4+ years' experience in in C#, .NET. Preference for .NET 5+
- 3+ years relational database development experience (SQL)
- Understanding of Android and iOS mobile application best practices including performance optimization, application life-cycle, UI layouts and styles, software architecture patterns, and security
- Proficiency with JSON and building/maintaining REST API's
- Understanding in DevOps process and CI/CD tools and frameworks
- Exposure or familiarity with unit testing
- Must be legally authorized to work in the United States for any employer without sponsorship.
- Above all else, a passion for quality and desire to grow are must haves for our company culture.
